

FOR IMMEDIATE RELEASE

Efficient Capital Management announces the addition of Curt Bradshaw as Managing Director of Efficient Access™

WARRENVILLE, IL — January 27, 2017 — Efficient Capital Management, LLC ("Efficient"), a leading provider of managed futures solutions, announces the addition of Curt Bradshaw as Managing Director of Efficient Access™.

"The hiring of Curt Bradshaw is part of Efficient's on-going plan to further grow our capacity to serve more investors," said Lorent Meksi, Managing Director. "We greatly value the knowledge and experience he brings to our leadership team and the Efficient Access platform."

Curt most recently served as Senior Vice President, Head of Product Strategy and Business Intelligence at TIAA Global Asset Management/Nuveen Investments. Prior to that he held senior product roles at Invesco and Morgan Stanley.

"Efficient's managed futures expertise is unparalleled," Bradshaw said. "I'm honored to help bring that expertise to more investors."

The Efficient Access™ platform provides customized solutions tailored to meet the specific needs of qualified investors. Key building blocks of these solutions include:

- a balanced portfolio of classic trend, short-term trend, and diversifying CTA strategies;
- diversified portfolios powered by multiple sub-advisors and delivered in an innovative single-manager structure that nets incentive fees at the portfolio level; and,
- single-manager access to some of the world's top investment managers.

For more details on Curt Bradshaw or Efficient, please see www.Efficient.com.

About Efficient Capital Management

Efficient is an experienced and trusted institutional investment manager solely dedicated to managed futures. Efficient's primary areas of expertise are: 1) identifying and selecting the world's most skilled managers, 2) combining those managers to construct diversified, actively-managed portfolios, and 3) supporting the portfolios with best-in-class risk management and infrastructure.

Efficient was founded in 1999 and currently manages nominal assets of approximately \$2.3 billion.
